

3 Part

Farm Animal Cards

Instructions:

Print out the cards

Optional: Laminate the cards

Cut along the black outside lines so that you have 10 individual animal cards- 5 of which have the name

How To Use:

Lay one of each of Card B face up in front of the child.

Give the child a card from the Card A pile and ask them to match it with one of the cards in front of them.

(Match two cows together)

To level this activity up:

When initially cutting out the cards, cut out the written parts so that they are separate from the picture cards.

It is a good idea to laminate the written cards.

First, work with the child to make 5 individual piles of matching image cards.

Leave these face up and place them in front of the child.

Next, ask the child to assign a written card to each of the piles in front of them.

(Put the cow label with the cow pictures).

CARD A

Sheep

CARD B

Sheep

Chicken

Chicken

Cow

Cow

Pig

Pig

Horse

Horse
